# RAPID REHOUSING

Twelve youth (age 18-24) can move into their own stable housing more quickly with IHYC's Rapid Rehousing program. Youth live in their own apartment with a lease in their name, while still receiving support from Rapid Rehousing program staff. While in the program, youth will receive rent assistance on a sliding scale over 12 months as they work to obtain stable employment at a livable wage and achieve overall self-sufficiency. This program is currently in development and will launch in late 2017.
