# YSS ADOLESCENT RESIDENTIAL ADDICTION TREATMENT FACILITIES

## Healing Starts with Hope

YSS Residential Addiction Treatment provides a successful, individualized and evidence-based recovery program for youth (ages 12-18) in a safe, homelike atmosphere. We understand substance abuse affects more than just the addict, our comprehensive approach incorporates support for the youth's family and others in their support network.

Picking a treatment program is a big decision, let us help you.

## YSS YOUTH RECOVERY HOUSE (BOYS HOUSE)

### George Washington Carver

In 1891, he was the first African-American student at Iowa State. Carver received his master of science degree in 1896. Carver was the first African-American faculty member at Iowa State. While at ISU Carver lived in YSS YRH (Youth Recovery House).

*"I see my role as the voice and heart of YSS. I want to help parents solve problems and get through barriers to determine if a residential programming level of care is right for their child. This is a very tough decision for families and I want them to know I am their advocate throughout this entire process. Ultimately I want to provide them with hope that there is a right solution for their family."*
